

Book Release : “Observing the Oceans in Real Time”

Ocean observational techniques have seen rapid advances in the last few years. To address the need for a single overview of present and future trends in near real time and real time a book titled “Observing the Oceans in Real Time”, has been published by Springer and released today by Dr. M. Rajeevan, Secretary & Chairman GC NIOT on 23-02-2018 at NIOT.
